This paper is filed in response to the Office Action dated November 5, 2002.

In the Office Action, the Examiner sets forth a restriction/election requirement, asserting that Fig. 4, Fig. 10, Fig. 12 and Fig. 13 correspond to four different species.

The Applicant hereby provisionally elects Fig. 4 for prosecution in this Application. Claims 1-11 are readable on Fig. 4. It is noted that the United States Patent Law does not require that Examiners enter non-unity objections, and therefore the Examiner is requested to reconsider the non-unity objection in view of the fact that the Figures, while distinct, are sufficiently related that it would not be an undue burden upon the Examiner to examiner both figures in a single application.

The Commissioner is authorized to charge any additional fees which may be required or credit overpayment to deposit account No. 12-0415. In

particular, if this response is not timely filed, then the Commissioner is authorized to treat this response as including a petition to extend the time period pursuant to 37 CFR 1.136 (a) requesting an extension of time of the number of months necessary to make this response timely filed and the petition fee due in connection therewith may be charged to deposit account no. 12-0415.

Enclosed please find a copy of Troy Guangyu's Notice of Limited Recognition under 35 CFR 10.9(b) to prepare and prosecute patent applications wherein the patent applicant is a client of Ladas & Parry, and the attorney of record in the applications is a registered practitioner who is a member of Ladas & Parry.

I hereby certify that this correspondence is being deposited with the United States Post Office with sufficient postage as first class mail in an envelope addressed to: Commissioner of Patents and Trademarks, Washington, D.C., 20231 on December 3, 2002
